'Star Wars: Episode VIII' to enter uncharted territory

BY JOSH ROTTENBERG LOS ANGELES TIMES (TNS)

From the moment it was announced that Rian Johnson would be directing "Star Wars: Episode VIII," fans have been excitedly wondering what kind of special sauce the director of genrebending films like "Looper" and "Brick" (not to mention a few of the best episodes of "Breaking Bad") will bring to the universe George Lucas created.

Speaking with The Times last year, Lawrence Kasdan — the co-writer of "The Empire Strikes Back," "Return of the Jedi," "The Force Awakens" and one of the key keepers of the "Star Wars" flame — suggested that Johnson would be taking the franchise into heretofore uncharted creative territory.

'Rian Johnson is a friend of mine - he's going to make some weird thing,"

Kasdan said. "If you've seen Rian's work, you know it's not going be like anything that's ever been in 'Star Wars.

Now, in an interview with The Times to promote the upcoming superhero epic "X-Men: Apocalyse," opening May 27, actor Oscar Isaac — who played ace Resistance starfighter pilot Poe Dameron in "The Force Awakens" and will reprise the role in the series' next installment — is confirming that Johnson will indeed shake things up in "Episode VIII."

"I would agree with [Kasdan]," said Isaac. "Rian is definitely going to places and investigating things that haven't really been done in the 'Star Wars' universe. For me, it's so fun getting to explore different things that I wouldn't have expected in this universe.

"In some ways it feels like we're making an indepen- must have.

dent film," added the actor, who has starred in critically acclaimed indies such as "Ex Machina," "A Most Violent Year" and "Inside Llewyn Davis." "Certain things we get to play with - this kind of intimacy that we get to find — it's special. It's been really fun.'

With production on "Episode VIII" currently underway in England, virtually nothing — not even so much as a title — has been revealed at this point about the film. About the only thing Johnson himself has said, in an answer to a fan on Twitter, is that BB-8 will be back in the film. ("Man, you'd have to admire my cojones if he wasn't,"

For now, if "Star Wars" fans want a better idea of what Kasdan and Isaac mean by a weirder, more intimate and indie-flavored "Star Wars," patience they

Book owned and signed by Anne Frank to be auctioned

BY JAMES TARMY BLOOMBERG

In the late 1940s, someone in Amsterdam bought a beat-up 1925 copy of Grimm's Fairy Tales for their children. Decades later, those same children were flipping through the book and discovered two remarkable names written in cursive on the title page: Anne Frank and Margot Frank.

"It's almost incredible that a family would own this for two, three, four decades and not know about the signature," said Nicholas Lowry, president of Swann Auction Galleries in New York. "But think about books you've picked up at a flea market — how often do you inspect the inside cover page? It seems nuts, but they must have just slapped their heads and been

stunned at the revelation." The Diary of a Young Girl," written while Frank hid from the Nazis in an Amsterdam attic (she was discovered in August, 1944, and died in Bergen Belsen less than a year later), had

The book's owners dutifully wrote to Iowa in April 1940 — were Frank's father, Otto Frank, auctioned at Swann and offering to send it back to

His response, written on June 10, 1977, concluded, "Seeing that the book you found is a beautifully illustrated version of Grimm's Fairy Tales, and understanding from your letter your compassion for what's happened to us, it would please me if you kept the book for your daughter, in memory of my children."

Now, almost 40 years later, the book is finally leaving the family. On May 5, Swann will auction the book along with Otto mate of \$9,000. Since then, Frank's letter, for \$20,000 to no Anne Frank holograph \$30,000.

"Anne Frank wanted to onto the market. write fairy tales, and it's possible that this book could have led her on this youthful desire," Lowry and the book's resonance said. "That's what could make this more poignant than anything else.'

A year later, a stamp book with an inscription by Frank ("It is of little worth/ what I offer you/ pluck roses on earth/ and forget me not") sold for \$32,000 at Christie's above a high estimaterial has publicly come
