PROPOSED RULE NUMBER: 2016-P008

CONCISE SUMMARY: The principal reason for this rule-making is to amend the cost of administering the Maine Milk Pool. Costs incurred for the Maine Milk Pool for personnel services and for operation was approximately \$60,000 in 2016. Based on the last twelve months expenses, it is estimated that the Pool costs for similar expenses for 2016 will be approximately \$60,000. The total pounds in the Pool for the last twelve months (December 2014 -November 2015) were approximately 591,242,002. It is estimated that the total pounds in the Pool for 2016 will be approximately the same. Based on the above projected costs and

pounds the Pool Administrator proposes to set the rate per hundredweight of milk for the cost of administering the Pool for calendar year 2016 at 0.01/cwt. This represents no change from 2015.
