## Superintendent, Roosevelt Campobello International Park

Since 1964, Roosevelt Campobello International Park has treated visitors to a unique vacation experience. Located on Campobello Island, New Brunswick, the Park is just across the international border from Lubec on the easternmost tip of Maine. It is a singular example of international cooperation - jointly administered, staffed, and funded by the peoples of Canada and the United States. The focal point of the Park is the Franklin D. Roosevelt summer cottage. Franklin and Eleanor Roosevelt's magnificent summer home is preserved and features a combination indoor museum and outdoor nature park. Visitors can enjoy tours of the Visitor Centre, Roosevelt Cottage, and flower gardens, as well as explore walking trails, beaches, forest, and spectacular ocean headlands in the Park's 2,800 acre Natural Area.

The Roosevelt Campobello International Park Commission is seeking its next Superintendent to build upon the Park's reputation of excellence and lead it into the future. Reporting directly to the Commission, as Superintendent,

you will assume ultimate responsibility for the overall operation and management of the Roosevelt Campobello International Park. In cooperation and coordination with the Commission, you will establish the vision and direction of the Park's tours and programs to ensure they are both innovative and of high quality. You will foster a culture of excellence in customer service within the Park as you attract new visitors and modernize park assets. At the helm of a committed team, you will lead by example and champion the Park's commitment to a unique and memorable visitor experience.

As the ideal candidate, you are a proven leader with a strong business acumen and an entrepreneurial mindset. Your superior communication skills and innovative approach energizes those around you. Driven by integrity and experience, you are able to develop rapport and build trust quickly. Your confidence and sound judgement allow you to make decisions with ease. You bring solid experience leading and building teams,

stewarding budgets, enhancing customer service, and building successful partnerships with a diverse group of stakeholders. Your background in park management, historic site administration or tourism, combined with your proven leadership ability, will equip you to be successful as the Park's next Superintendent.
