

Meet the Landscapers

A

Flagstones

Route 150, Parkman • (207) 717-6320 • suzanneandharvey@hotmail.com

Creating functional and artistic decor in natural stone is our specialty at Flagstones. Maine stone and granite along with reclaimed stone and granite are the heart of the Guilford-based company. Owned by Harvey Wilbur, we first participated in the Garden Show 11 years ago and can build anything out of natural stone. That includes intricate staircases, walkways, and patios among other environmental accents.

B

JL Landscape

P.O. Box 1182, Bangor, ME 04402 • (207) 949-0582 • jllandscape.com

JL Landscape is a Maine incorporated business. We design, build and maintain beautiful and functional landscapes throughout the great state of Maine. Our services include landscape design, construction and maintenance. Included in these services are: paver driveways, walkways and patios, outdoor kitchens and living spaces, landscape lighting, retaining walls, natural stone walls, masonry services, granite steps and mailbox posts, seasonal annual plantings, perennial, shrub and tree plantings, landscape planting bed design and installation, and commercial and residential landscape property maintenance, including spring and fall clean up, fresh edging and mulch. JL Landscape believes in keeping current with industry trends, attending educational opportunities and keeping up to date with natural and organic solutions.

C

C.M. Nichols Landscape Design

P.O. Box 731, Denmark & Route 1, Newcastle • (207) 446-2764
MaineLandscapeDesigns.com

C.M. Nichols Landscape Design is a small company with gigantic capability. We are educated and qualified craftsmen who take pride in our work, because it is our lives and our passion – with direct company owner impact on every project, we are able to keep within the vision of the client. Whether that client is a homeowner, landscape architect, designer or general contractor. We have created spaces for residential, commercial and industrial environments. Our project capabilities include, but are not limited to, landscape construction (hardscape and planting), site work, erosion and sediment control, Maine DEP shoreland zone permitting and installations, dry laid stonework, large boulder installations, runoff management, vegetated buffers, site reclamation, site work, excavation, drainage, large tree installation and much more.

D

Eastern Plant Specialties & WildWalkWays

320 Bay Point Road, Georgetown • (207) 607-1284 • easternplant.wordpress.com

With a specialty in rare plants and landscape, Eastern Plant Specialties has been a leading supplier of native plants and fine, hardy rhododendrons since 1985. Our landscape work stresses a harmonious, naturalized look to blend with the surroundings. Our incredibly scenic nursery has an exciting trail system, WildWalkWays that meanders through our forest plantings, waterfalls, cliffs and every ecosystem Maine has to offer.

E

Summersweet Landscaping

64 Century St., Brewer • (207) 852-4440 • summersweetlandscaping.com

Summersweet Landscaping is a fully insured small design build company serving the Greater Bangor and coastal areas. We are a small company that is focused on attention to detail and making sure your property can be the best it can be. We offer landscape design, landscape construction, and landscape maintenance services. Landscaping is an investment in your home. It is often the last project to be done, but it really adds the finishing touch to make a house a home. Today, the possibilities are endless and we can help create that dream. Contact us today to get started with your project.

F

Hickory Dickory Decks

1555 Hammond St., Bangor • (207) 907-4447 • hickorydickorydecks.org

Since 1987, Hickory Dickory Decks has satisfied tens of thousands of customers with a quality, custom-built deck. Our team of licensed carpenters and craftspeople take great pride in each project, and strive to create the ultimate backyard paradise for each valued customer. Hickory Dickory Decks is also the leader in low maintenance decking products. We began using composite materials over 20 years ago. These products have many advantages over wood, including no more staining, peeling, splinters, cracking, warping, or twisting, and a better non-slip surface. To date, we have designed and built over 8,000 composite decks across North America.
