

## Cabin, Cottage or On-site RV Rentals

Increasingly popular are cabin, cottage or on-site RV rentals. This solution is ideal for the camper who has outgrown a tent, does not own an RV but still loves the great fun and camaraderie and sense of adventure that comes with camping and being outdoors. As a camper all you need to do is show up and unpack in your own personal vacation home. Typically, these accommodations require a little more lead-time when planning. Reservations are highly recommended.

## Camping with pets

Bring along your pet and enjoy your Maine camping vacation with your entire family!

Pets are often an important part of camping families. Many campgrounds in Maine allow pets. Some campgrounds just allow small dogs, while other campgrounds allow dogs of all sizes as well as other pets. Management has to be sensitive to non-pet owners comfort levels when formulating their properties rules. Please call ahead to be sure the campground you choose has a pet policy that works for you. You are better off knowing in advance than arriving and finding your pet is unwelcome, or will incur extra charges that you weren't previously aware of. Here are some examples of rules you might expect:

1. Say yes to the leash! Keep pets on a short leash at all times.
2. Make sure your pet has some type of identification on them in case they should stray away from camp.
3. Carry proof of vaccinations.
4. If you leave take your pet with you.
5. Pick up after your pet and properly dispose of all pet waste in trash receptacles.
6. You are responsible for your pets behavior.
7. For health and safety reasons pets are not allowed in pool and playground areas.

Happy Camping!
